MEMBERSHIP APPLICATION

The Concrete Contractors Association of Greater Chicago was formed in 1939 by dedicated contractors to gain appropriate professional identity in the construction industry and to collectively pursue goals to raise their performance, especially on a qualitative basis.

The work of the CCAGC is to accumulate current and vital information and provide it to its members in order that they might maintain their status as major producers in the construction industry. This valued information is provided through bulletins, joint-sponsored demonstrations and other mediums.

The mutual respect of the CCAGC's hard working membership has been the main reason for its continued success.

Membership in the CCAGC is granted by vote at a board of directors meeting. The first step is the completion and submission of this application form along with the \$300.00 annual membership dues. The completed CCAGC Membership Application should be sent to:
